120-42-2/2.

Sir,

The undersigned Adikarnatakas of Harihar Town humbly beg to bring the following few lines to your kind consideration with a hope that their humble prayer will be granted.

The Adikarnataka Hatti was originally near the present Taluk Office at Harihar; and it was got removed by the authorities on the ground that the Hatti site was required for the Town --- extension to Pattiyarkatte where it stood for two years. Then it was got shifted to a place near the Railway gate on the --- Harpanahalli - Harihar Road to Harlapur side.

2. Then it was again shifted to the present Taluk Office site where the Hatti stood for about eleven years and after that it was got removed to Maliyappanavara Venchappa's land near the Town on the ground that the site was required for building the Taluk Office.

3. On Maliyappanavara Venchappa's land the Hatti stood for about 18 or 20 years but the Adikarnatakas suffered very much both owing to Epidemic diseases such as Cholera, Plague etc, and the population also decreased in consequence.

4. Then Government having taken into their kind consideration the bad situation to which the Adikarnatakas was put to owing to the bad locality, they got the Hatti removed to the present locality, which is nearly 3 furlongs from Harihar limit and about 1, or 1½ furlongs away from where the present Mysore Kirloskar Company exists.

5. After the Hatti was shifted to this locality about 12 years ago the health of the Adikarnatakas has improved and they thought to make the site their permanent living place. So they have built good and neat tiled houses on the borrowed capital -

and they have not been able to discharge the debt even today and they are now leaving indebted.

6. The present site is very good for living and also very near to Harihar Town to enable them to attend in time to the Municipal duties. There have been no Epedemics since they came to the present site and the population has also increased to 600 with about 80 houses. They are given taps and lights also and we are quite happy in every way.

7. The Amildar Harihar is giving us trouble almost every day that we should remove our Hatti to some other place as the site is required for the Mysore Kirloskar Company. It may be stated that the Company has about 100 Acres at its disposal and a large extent out of it is vacant without any structures. The Hatti is about 1 or 1½ furlongs from the Company limits. There is no --- trouble whatever to the Company from the Hattiand there is no --- necessity for any land to the Company as there is a large extent of vacant spacein their possession without use.

8. The Third Member of Council in his recent visit to Harihar came to the Hatti and saw every thing and heard our representations also. He was pleased to observe that in view of the large vacant space in the Company premises and of the Hatti being very far away from the Company site it was unnecessary to ask the Adikarnatakas to go away from the present site and it was quite unnecessary to acquire the same . At that time all the Officers were present.

9. It will be seen from what has been stated above we are tossed up a like a foot ball from place to place without mercy. The financial condition of Adikarnatakas is also well known. It is very hard with their working day and night , men, women & childre— all to earn money enough to have two meals a day. Practically we are on one bad meal a day due to present rate of food stuffs. In addition we are highly indebted. As the Amildar is now forcing us every day to go away from the Hatti, it is almost impossible for us to construct new houses due to want of funds

COVT OF MYSORE

General No A6.176/43-44.
No

Enclosure No Two.

Sir,

Subject:- Petition of Mr. H. Basappa and other Adikarnataka residents of Harihar Town, praying that the locality in which they are living may not be shifted elsewhere.

With reference to your official Memorandum No.306/M-120-42-213 dated the 18th July 1943 forwarded for enquiry and report the above petition, I have the honour to state that the President of Harihar Town Municipality reports that at the instance of the Mr Kirloskar Factory proceedings for the acquisition of the Adikarnataka colony were instituted by the Revenue Department in the year 1941-42. and that the Adikarnatakas are protesting against the acquisition on the ground that they have been made to shift from place to place as stated in their petition. It is now proposed to shift the present colony to survey No.75 of Harihar Village, just opposite to the existing colony and the acquisition records are stated to be pending with the Revenue authorities.

It is stated that the authorities of the Mr Kirloskar Factory promised in their first letter to build suitable quarters for the Adikarnatakas in lieu of the existing ones. But subsequently it is reported that they have agreed to give the estimated value of the present buildings in-addition to acquisition charges owing to the abnorm

abnormal rise in prices of building materials and that they have deposited Rs. 3,333/- towards the purpose, and that they have further agreed to bear the cost of country tiles for the new buildings to be constructed by the Adikarnatakas in the new area to be selected.

It is further reported that the Kirloskar Factory has so far acquired 106 acres and 12 guntas and that all extent of about 50 acres is still vacant, probably reserved for certain purposes. The existing A.K. Colony is stated to have been covered on three sides by the land taken up by the factory and on one side the factory buildings are coming up close to the A.K. Colony.

In this connection, I may bring to the kind notice of Government, that there is a proposal for the formation of an industrial suburb and for the housing of the industrial labour at Haribar. With regard to the former, the lands required for the purpose including certain area occupied by the Military have been surveyed by the Public Works Departm As regards the latter, Government in their order No.L.11374/M1-94-42-2 dated the 24th May 1943 have sanctioned the constitution of a Town Improvement Committee and proposals for the working of this committee are awaited from the President of Haribar Town Municipality.

As the existing colony site, although stated to be good and clo to the town, is adjacent to the Kirloskar Factory, this will have to b acquired, if not now but atleast eventually, for inclusion in the area to be taken up for the formation of the proposed Industrial Suburb Instead of shifting the colony now and again and putting the resident to unnecessary trouble and inconvenience, it would be desirable to shi the colony once for all to some convenient place. The Kirloskar Fact authorities, on whose behalf, the acquisition proceedings are stated t have been taken up, have agreed to meet the acquisition charges with t estimated value of buildings and also to give the cost of country tile for the new houses to be built. The acquisition proceedings will hav to be pushed through in these circumstances.

Office of the President
Town Municipal Council

The report of the President, Harihar Town Municipal Council and the Petition received with your Memorandum under advertance are herewit sent.

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Chitaldrug District.
absent from Head Quarters

SPH.3.

Sir,

With reference to the above I beg to report that at the instance of the Kirloskar Factory, acquisition of the Adikarnataka colony was taken up by the Revenue department in the year 1941-42 The Adikarnatakas are resisting the acquisition on the plea that they have been made to shift from place to place as stated in the 1st, 2nd, 3rd and 4th para of their petition which is however ascertained to be true Originaly it was proposed to locate the colony in survey No 40, 2 and 20 of Mahapenahalli village, but as the same was found unsuitable. The lot of land Viz, Survey no 75 of Harihar village just opposite to their present colony, that is on the other side of Harpanahalli road, is proposed to "be acquired" and records are pending in the Revenue department

In the first letter of the Kirloskar Factory authorities, it was mentioned that they would build suitable quarters for the Adikarnataka's in lieu of the existing ones But Subsequently they wrote that

abnormal rise in prices of building materials and that they have deposited Rs.2,000/- towards the purpose, and that they have further agreed to pay the cost of country tiles for the new buildings to be construct by the Adikarnatakas in the new area to be selected.

It is further reported that the Kirloskar Factory has so far acquired 100 acres and 12 guntas and that all extent of about 50 acres is still vacant, probably reserved for certain purposes. The existing A.K. Colony is stated to have been covered on three sides by the land taken up by the factory and on one side the factory buildings are coming up close to the A.K. Colony.

In this connection, I may bring to the kind notice of Government that there is a proposal for the formation of an industrial suburb and for the housing of the Industrial labour at Haribar. With regard to the former, the lands required for the purpose including certain area occupied by the Military have been surveyed by the Public Works Departme As regards the latter, Government, in their order No.L.11374/M1-94-42-2 dated the 24th May 1943 have sanctioned the constitution of a Town Improvement Committee and proposals for the working of this committee are awaited from the President of Haribar Town Municipality.

As the existing colony site, although stated to be good and clos to the town, is adjacent to the Kirloskar Factory, this will have to b acquired, if not now but atleast eventually, for inclusion in the area to be taken up for the formation of the proposed Industrial Suburb. Instead of shifting the colony now and again and putting the resident to unnecessary trouble and inconvenience, it would be desirable to shi the colony once for all to some convenient place. The Kirloskar Fact authorities, on whose behalf, the acquisition proceedings are stated t have been taken up, have agreed to meet the acquisition charges with estimated value of buildings and also to give the cost of country ti for the new houses to be built. The acquisition proceedings will h to be pushed through in these circumstances.

Hee of the President

The report of the President, Harihar Town Municipal Council and the Petition received with your Memorandum under advertance are herewith sent.

Ref – Deputy Commissioner's memo No A & P R 12/43 44 Dated 20 7 43 regarding the petition of the Adikarnataka's of Harihar Town to the Dewan Saheb on the acquisition of their colony for the Kirloskar Factory.

Sir,

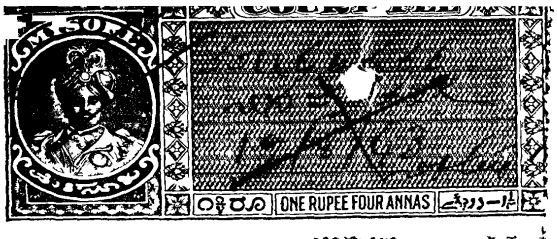
With reference to the above I beg to report that at the instance of the Kirloskar Factory, acquisition of the Adikarnataka colony was taken up by the Revenue department in the year 1941-42 The Adikarnatakas are resisting the acquisition on the plea that they have been made to shift from place to place as stated in the 1st, 2nd, 3rd and 4th para of their petition which is however ascertained to be true Originaly it was proposed to locate the colony in survey No ~~40~~, 2 and 20 of Mahapenahalli village, but as the same was found unsuitable The lot of land Viz, Survey no 75 of Harihar village just opposite to their present colony, that is on the other side of Harpanahalli road, is proposed to be acquired and records are pending in the Revenue department

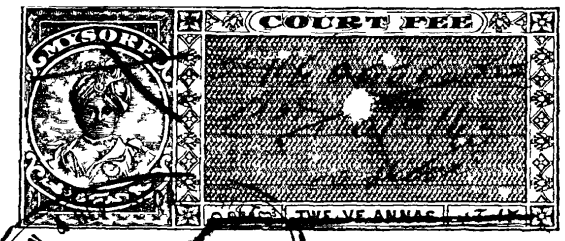
In the first letter of the Kirloskar Factory authorities, it was mentioned that they would build suitable quarters for the Adikarnataka's in lieu of the existing ones But Subsequently they wrote that

that in view of the ~~abnormal~~ abnormal cost of
they would only give the estimated cost of the
present buildings in addition to the acquisition
charges and accordingly they have deposited
Rs 2003-6-6 towards the purpose Further, they
have agreed to give the cost of country tiles
for the new buildings

As stated in 6th para of the petition
it is no doubt true that the present site is
good for the colony which is close to the Town
and the conservancy staff is mainly drawn
from it The Kirloskar Factory has so far
acquired 106 acres 12 guntas of land and an
extent of about 50 acres is still vacant, probably reserved
for certain purposes The colony is covered
on three sides by the land taken up by the
factory and gradually as one side the factory,
building are coming nearer the 'colony'
Whether there is any trouble to the factory
from colony is a matter to be opened by the
factory authorities The latter however are
saying that the Colony comes in the
way of their extention of their buildings
and also presents an ugly site
The enclosure as herewith I beg to remain

Sir
Your most obedient Servt
H L Nagaraja
Asst - Director





The Dewan of Mysore,

Bangalore

GEN 22 JUNE 1943 OFFICE OF THE DEWAN OF MYSORE
L S G BRANCH 7747
Petn Reyr No 1058

22.6.43

Sir,

The undersigned Adikarnatakas of Harihar Town humbly beg to bring the following few lines to your kind consideration with a hope that their humble prayer will be granted.

1 The Adikarnataka Hatti was originally near the present Taluk Office at Harihar, and it was got removed by the authorities on the ground that the Hatti site was required for the Town --- extension to Pattiyarkatte where it stood for two years. Then it was got shifted to a place rear the Railway gate on the --- Harpanahalli - Harihar Road to Harlapur side.

2. Then it was again shifted to the present Taluk Office site where the Hatti stood for about eleven years and after that it was got removed to Maliyappanavara Kenchappa's land near the Town on the ground that the site was required for building the Taluk Office.

3 On Maliyappanavara Kenchappa's land the Hatti stood for about 18 or 20 years but the Adikarnatakas suffered very much owing to Epidemic diseases such as Cholera, Plague etc, and the population also decreased in consequence.

4. Then Government having taken into their kind consideration the bad situation to which the Adikarnatakas was put to owing to the bad locality, they got the Hatti removed to the present locality, which is nearly 3 furlongs from Harihar limit and about 1 or 1½ furlongs away from where the present Mysore Kirloskar Company exists

5. After the Hatti was shifted to this locality about 12 years ago the health of the Adikarnatakas has improved and they thought to make the site their permanent living place. So they have built good and neat tiled houses on the borrowed capital

and they have not been able to discharge the debt even today and they are now leaving indebted.

6. The present site is very good for living and also very near to Harihar Town to enable them to attend in time to the Municipal duties. There have been no Epedemics since they came to the present site and the population has also increased to 600 with about 80 houses. They are given taps and lights also and we are quite happy in every way.

7. The Amildar Harihar is giving us trouble almost every day that we should remove our Hatti to some other place as the site is required for the Mysore Kirloskar Company. It may be stated that the Company has about 100 Acres at its disposal and a large extent out of it is vacant without any structures. The Hatti is about 1 or 1½ furlongs from the Company limits. There is no --- trouble whatever to the Company from the Hattiand there is no --- necessity for any land to the Company as there is a large extent of vacant spacein their possession without use.

8 The Third Member of Council in his recent visit to Harihar came to the Hatti and saw every thing and heard our representations also. He was pleased to observe that in view of the large vacant space in the Company premises and of the Hatti being very far away from the Company site it was unnecessary to ask the Adikarnatakas to go away from the present site and it was quite unnecessary to acquire the same At that time all the Officers were present.

9. It will be seen from what has been stated above we are tossed up a like a foot ball from place to place without mercy. The financial condition of Adikarnatakas is also well known It is very hard with their working day and night , men, women & childr all to earn money enough to have two meals a day. Practically we are on one bad meal a day due to present rate of food stuffs. In addition we are highly indebted As the Amildar is now forcing us every day to go away from the Hatti, it is almost impossible for us to construct new houses due to want of funds

Sir,

Subject Acquisition of the A.K Colony in Harihar town for the Kirloskar Factory and of 5 acres of land out of S.No.75 of Harihar for shifting the colon..

In continuation of this office letter No M6-176/43-44 dated 6-12-1943 re; the petition of Mr M Basappa and other A.Ks on the above subject, I have the honour to forward herewith preliminar, notifications for the acquisition of 5 acres of land out of S,No.75 of Harihar Town for shifting the existing A K colony and to state as follows;-

The existing A.K. colony at Harihar is situated on S.No 23 and 24 of Harihar town to the left of Harihar-Haraparahalli road and is surrounded on 3 sides by the land belonging to Kirloskar and on the other side by the road. At the instance of the factory authorities it was proposed to acquire the A K colony and ix to shift the same to S.Nos. 2 and 20 of Lahajenbhalli village to the south of the town

the town

the town and the Factory authorities also deposited a sum of Rs. Rs.2003/- beinn the cost of acquisition of the land for the new hatti. They also agreed to pay the cost of acquisition of the hatti with its appurtenances thereon and to supply the required quantity of country tiles for the new structures. The cost of tiles only will be about Rs.7,000/-. The A Ks protested against the acquisition of the hatti and to the shifting of the latter to the above site on the ground that they have to go to the river daily for tanning purposes and that by so doing they would be polluting the water of the river on the bank of which the temple of Sri hariharesswaraswamy is situate. To avoid inconvenience to the A Ks it is now proposed to acquire 5 acres of land out of S.No.75 of Harihar town, which is just opposite to the existing hatti This S No is a devadaya inam land endowed to the Masjid at Harihar. The vahivatdar of the masjid has no objection to the acquisition of the land The land is valued at Rs. 400/- per acre by the Amildar & the cost of acquisition will be met out of Rs 2003/- held in deposit referred to above and the balance, if any, will be met by the company I therefore request that the enclosed preliminary notifications for the acquisition of 5 acres of land out of S.No 75 of Harihar town may kindly be caused to be published in the next issue of the Gazette.

As regards the acquisition of the existing A.K Hatti, I wish to state that the objection of the A Ks is untenable as the hatti will have to be acquired, as it is needed by the Kirloskar Factory and as it is included in the area to be taken up for the formation of the proposed Industrial Suburb as per the desire of His highness. I have therefore asked the Sub Division Officer to send up preliminary declaration statements for the acquisition of the hatti within 4 days and on receipt of the same, I will forward the same for causing publication in the Gazette.

The connected records also accompany for favour of reference

reference

return.

Subject - Acquisition of five acres of land out of S. No. 75 of Harihar village required for shifting the Adilarnatala colony

=====

With reference to your letter No. L 8797/41 120-42-254, dated the 25th February 1944 stating that the question of acquiring the A.I. Colony may lie over until comprehensive proposals are formulated for laying out an Industrial Suburb and extensions for residential purposes and enquiring whether Government have issued orders authorising the Kirloskar Company to negotiate with the local officers about the acquisition of these houses, I have the honour to state that no orders have been issued by Government authorising these proceedings. The acquisition proceedings were instituted by the Revenue Department as the area occupied by the A.I. Colony was included in the area to be taken up for the formation of the proposed Industrial suburb at Harihar as per desire of His Highness and also at the instance of the Kirloskar Factory.

Since the question of acquisition of A.I. Colony is ordered to lie over I request that the records relating to the acquisition of five acres of land out of S. No. 75 of Harihar Village required for shifting the A.I. Colony forwarded to you for causing the preliminary notification to be published in the Gazette with this office even No. dated 21-12-1943 may kindly be caused to be returned.

Sir,

Subject, Shifting of the Adikarnataka colony at Harihar

In continuation of my letter of even No dated 25-5-1946 on the above subject, I have the honour to state as follows,

The existing Adikarnataka colony at Harihar covers an extent of 5 acres in S Nos 23 and 24 of Harihar village to the left of Harihar Harapanahalli road and is bounded on three sides by the land belonging to Kirloskar Co , and on the fourth by the road At the instance of the Kirloskars, it was proposed to shift the A K colony to S No 2 and 20 of Mahajenahalli village to the South of the town The company deposited a sum of Rs 2003-6-6 under R D at Harihar taluk Treasury on 4-1-1943 for the acquisition of an extent of 4 acres in the above survey numbers Besides, the company agreed to build for the Adikarnataka families quarters in exchange on terms mutually agreed upon in their letter dated 25-4-1941 Subsequently in their letter dated 22-1-1943 addressed to the Sub Division Officer, Davangere they stated that they were unable to build the houses as agreed upon due to their war contracts and in lieu thereof they would pay a sum of Rs 9040/ being the value of the houses as estimated by the Revenue Inspector as compensation In a subsequent letter dated 9th June 1943 the company undertook to provide country tiles for all the 68 houses to be built on the new site at an estimated cost of Rs 100/ for each house as estimated in this office letter No A4 P R 115/42-43 dated 5-6-43

The Adikarnatakas however protested against the acquisition of their hatti and to the shifting of the same to the above S Nos 2 and 20 of Mahajenahalli To minimise the inconvenience to them it was proposed to acquire 5 Acres of land out of S No 75 of Harihar village just opposite their present hatti, a devadaya Inam land endowed to the Masjid at Harihar The Adikarnatakas objected to this proposal also but their objection was held untenable and declaration statements were submitted to Government for the acquisition of both the present Adikarnataka colony land of an extent of five acres in S No 75 for the proposed shifting of the hatti.The Secretary to Government,Law Department returned the records with the direction that the question of acquiring the houses might lie over until comprehensive proposals were formulated for laying out an Industrial suburb and extension for residential purposes

Subsequently on the direction of the then Minister for Industries and Supplies (Mr M A Srinivasan) a meeting was arranged, at which the Minister, the Director of Industries and Commerce and the Deputy Commissioner were present and discussed the above question and it was decided there that the Director in consultation with the Government Architect should fix up an area in the lay out proposed for the Industrial Suburb for locating the Adikarnataka colony to be shifted and also ascertain to what extent Messers Kirloskars were willing to help the Adikarnatakas with money and materials for building their houses afresh and that the Deputy Commissioner should take further action to acquire the land and to shift the hatti The present Proposal of acquisition started as per D.O letter dated 23-6-1944 of Director of Industries and Commerce in which he has reiterated the original commitments of the company to bear all the charges of acquisition and construction of model houses to the Adikarnatakas in the proposed site

According to the new plan an aggregate of 15 acres of land in S Nos. 34, 37/2 , 38, 39, 40, 41 and 42/3 of Harlapur

shifting the A.K.colony and the

is estimated at Rs.9212-8-0 The Adikarnatakas

agreeable for the shifting of their colony Messers

Kirloskars contend that an extent of 15 acres is proposed to be set apart in the Industrial Suburb, an area for A.Ks. whereas the area covered by their colony at present is only 5 acres and they would bear the cost of acquisition in respect of 5 acres only and not the entire extent of 15 acres. The Sub Division Officer Davangere opines that their contention is reasonable If this is canceded the company need not pay any additional amount for the acquisition as they have already deposited a sum of Rs.2003-6-6 for the purpose The Sub Division Officer is also of the view that there is no necessity to acquire so large an extent as 15 acres when their present hatti is just about five acres in area

The area set apart for the Adikarnatakahatti lies within the proposed Industrial suburb and the question as to what lands have to be actually acquired is pending with the Director of Industries and Commerce There is therefore no necessity for taking any independent proceedings for acquisition of either 5 acres or 15 acres for the location of the Adikarnataka Hatti

The Adikarnatakas are unwilling to shift and they will have to be forcibly shifted Messers Kirloskars will have to bear all the expenses of shifting including construction of new houses for the Adikarnatakas and creating all amenities for them since it is at their instance that the shifting has to be done, and the

Sub - Adi-karnataka Colony

Sir,

We beg to bring to your kind notice that the Adi-karnataka Colony which is now situated near MYSORE KIRLOSKAR LTD has been, in the view of the Kirloskar authorities and the Government to shift the ~~Colony~~ locality to any other place We express with deep sense of regret that the proposal is on the face it is inhuman and cruel Formarly the residents of the locality were living near the present tody shop and secondly near the Parsee well towards the North end of the town and lastly they have come and settled in the present locality happily and peacefully There are about 100 to 150 houses, some of them are decently built. If they were to be disturbed again from that place it would be putting them under great in-conveniences and plight which would require at least ten years to repair the loss This is not proper both on the part of Government and the Kirloskar authorities to distrub the ~~authorities~~ and there by cause wholesale exodus The people in the Harihar town are not infavour of any further trouble which is to be given to them and the residents of the locality strongly protest any change.

In this connection we are glad to stae that we made personal request to the Minister for Education and Health, when he kindly visited the said locality through petition He was very mutch convinced with the dire necessity of the cancellation of the proposals of shifting the Adi-karnataka colony. Therefore we request that the necessary steps and arrangements may kindly be taken to cancel any proposal made to shift the locality for the Adi-karnatakas of Harihar town.

Secretary to Government, Revenue Department, Bangalore

Sir,

Subject, Shifting of the Adikarnataka colony at Harihar

With reference to your D O letter No L 5490 dated the 5th instant calling for submission of final report on the above subject, I have the honour to state that the meeting proposed by the Director of Industries and Commerce has not been held and no fresh date has yet been fixed for the meeting by him

An area measuring 15 acres has been set apart for the Adikarnatakahatti within the proposed Industrial Suburb If the Adikarnatakas are not agreeable to shift to that place some other land will have to be selected The extent actually required for the purpose has to be determined at the proposed meeting

It is suggested that Messers Kirloskar will have to bear all the expenses of shifting the colony including construction of new houses for the Adikarnatakas and creating all amenities for them since it is at their instance the shifting has to take place This aspect of the question has also to be settled at the meeting

In the circumstances no further action can be taken in the matter until the meeting is held and the above points settled

I have the honour to be,
Sir,
Your most obedient Servant,

Deputy Commissioner,
Chitaldrug District

Sir,

Subject - Shifting of the Adikarnataka Colony at Harihar.

In continuation of this office letter of even No. dated the 8th instant on the above subject, I have the honour to state that the Dewan during his recent visit to Harihar on the 12th instant was pleased to instruct, on the representation made to him by the Adikarnatakas, that they need not be shifted from their present locality and allowed to remain where they are at present

I have the honour to be,
Sir,
Your most obedient servant,

mns/4

Deputy Commissioner,
Chitaldrug District.
